Great Harwood St John's CE Primary School statement of intent

'Where everyone shines with God's love.'

As a Church of England school, our curriculum has Christian values at its heart. It is our intent at Great Harwood St John's that ALL learners leave our school with a lifelong love of learning and they know that they are loved and treasured as individuals. To enable them to do this our curriculum has been carefully designed around our children, celebrating differences and developing the uniqueness of each child. We recognise children's starting points and quickly set about developing their phonics, early reading and maths skills through first hand experiences. Throughout their journey with us at St John's, we shower the children with enrichment opportunities to broaden their horizons and enhance their curiosity about their local community and the world around them. Staff work collaboratively, utilising each other's expertise to ensure a clear, coherent, well-balanced curriculum made bespoke to us. Ultimately, the day to day decisions of the school are to ensure that the whole child's needs are met whether this is academic or social and emotional.

1.0 ESTABLISHMENT OF BUDGET HEADINGS, MONITORING AND CONTROL PROCEDURES AND EXERCISE OF VIREMENT

1.1 Each year, on receipt of its funding allocations from the authority / ESFA the Governing Body shall establish appropriate budget headings for the school as a whole under which the budget shall be controlled and determine the initial budget allocation to each heading, the consistent financial reporting (CFR) framework is recommended. Any changes to budget allocations following notification by the Authority of the previous year's surplus / deficit brought forward shall be determined by the Governing Body.

- 1.2 The Headteacher may sub-divide the budget determined by the Governors on a departmental or other basis in order to facilitate day-to-day administration and control.
- 1.3 The Headteacher is empowered to exercise virement between budget headings approved by the Governors. The maximum virement level being £5,000, or 10% of the budget heading from which resources are being transferred (whichever is the lower in total for any heading during the year). All virements undertaken shall be reported to the Governors at their next meeting. Virement in excess of this figure requires the prior approval of the Governing Body. Increases to expenditure headings offset by increases in anticipated income can be undertaken by the headteacher providing there is evidence to substantiate the additional forecast income, these virements should also be reported to governors.
- 1.4 The Headteacher shall establish suitable arrangements for the control and monitoring of expenditure against budget headings (e.g. SIMS FMS).
- 1.5 The school should have a realistic, sustainable, and flexible financial strategy in place for at least the next 3 years, based on realistic assumptions about future funding, pupil numbers and pressures. In order to set a well-informed and balanced budget each year, schools will need to assess the main influences on the budget on the basis of the best available information and make a forward projection of its budget, Schools should integrate budget setting with their wider plans for school development to ensure that resource allocations match their school's priorities, including both revenue and capital funds, for at least three years. This is a requirement of SFVS. The Governing Body shall consider financial forecasts, ideally on a termly basis using the best / latest information available, including realistic pupil number projections and can it move quickly to recast the budget if the projections and the reality are materially different.

- 1.6 To enable the governing body to meet their statutory responsibilities for the financial management of the school and so they can safeguard the large amounts of public money for which they are responsible. It is important that the monitoring reports are produced regularly and shared with the governing body or finance committee at times when action can be taken on them to good effect. DfE and ESFA recommend that governors should receive the monitoring reports and have an opportunity to raise questions or concerns at least 6 times a year. Prompt, accurate and up-to-date financial information should be readily available at the appropriate levels within schools. To achieve this, schools will require clearly defined and properly used channels of reporting to the governing body on a regular basis, which should include the finance committee. The governing body should review the income and expenditure against the budget at a meeting at least 3 times a year. A school that is well managed financially will report different levels of detail, with a suitable narrative explanation to different users. Monitoring reports for the governing body should include numeric information, including about the profiled budget, spend to date and end of year projections. They should also include a brief narrative covering report that highlights what the main variations are, briefly explains the reasons for the variations and suggests what would be appropriate corrective action. In addition, the Headteacher shall inform the Governors immediately if significant overspendings are likely to occur, resulting in the school budget falling into a financial deficit position.
- 1.7 The Governing Body shall consider the appropriate level of reserves and balances at the school.

2.0 CHOICE OF SUPPLIERS AND CONTRACTORS

- 2.1 The Governing Body is responsible for ensuring that purchases and contracts entered for the supply of goods and services must comply with Lancashire County Council Procurement Rules for Schools, link below:

2.3 The governing body and school staff have a responsibility to avoid any conflict between their business and personal interests and affairs and those of the school. Governing bodies/boards of maintained schools are legally required to maintain a register of business interest, which lists for each member, including the headteacher, any declared actual or potential conflicts of interests. This record should record any business interests that they, their partner or member of their immediate family have, that might affect their relationship with the school and/or their decision-making, i.e. employment and election to political bodies or corporate boards.

There is no requirement as to how a declaration should be made but it is important the governing board has in place a system to identify and manage any conflicts of interest declared.

- ◇ financial – interests in a contract or proposed contract by direct or family connection
- ◇ appointment – interests in the provision for sponsor governors or interests in someone's appointment, reappointment or suspension from office as a governor or clerk to the governing body
- ◇ pay and performance – interests in the pay or appraisal of someone working at the school in cases where the governor or staff member is also paid to work at the school

The person concerned shall be excluded from any meeting whilst the contract or other matter which relates to their or their immediate family's business interest is being considered and voted upon. The general principle is that no-one should be involved in a decision where his or her personal interests may conflict with those of the governing body.

- 2.4 For a contract where a payment is to be received by the school, the highest tender should be accepted, but where a payment is to be made by the school, the lowest tender should be accepted. Departure from these requirements may occur only with the prior approval of the Governing Body and the reasons for not complying with the conditions must be recorded in the minutes of the meeting. The receipt of sponsorship must not be regarded as a valid reason for not complying with these conditions.
- 2.5 The requirement for tenders or written quotations may be waived when a purchase is made under a contract arranged by Central Government or the County Council since arrangements have already been made for securing competition for such contracts.
- 2.6 Where the Governors have established an approved list of suppliers or contractors, any order shall be placed with an appropriate supplier from that list.
- 2.7 Building maintenance orders shall only be placed with contractors who have adequate insurance.
