

Kingfisher Class – Autumn 1

(Optional) homework task

In Geography we are learning about UK counties and cities, have you visited any interesting places in the UK? Can you write a short fact file about the place you visited?

In Art we are going to be looking at Picasso's famous animal line drawings, have a look and see if you can draw some of your favourite animals in that style.

There are also optional purple Mash activities that can be completed online. Please come to see us if you need help with your login details.

Thanks.
